

# Want a presence on the Web? ASA can help!

ASA is making a special offer to ASA members. For only \$200, ASA and our Web partner, DATA, Inc. ([www.datausa.com](http://www.datausa.com)), will create a Web page for your company. A sample of the page is shown below and can function as a dynamic advertisement for you on the ASA Web site ([www.ASAColorado.com](http://www.ASAColorado.com)). Choose two, good quality images that represent an important feature of your company. Include up to 200 words of text describing your company and its services. ASA will hyper-link your membership listing on the ASA Web site to your Web page.

Fill out the information on the back and send it along with your graphics or photos (please label the back of the photos with your name), up to 200 words of text, and a check for \$200 made payable to "ASA Colorado". Mail to:

**ASA Colorado**  
1780 S. Bellaire Street, Suite 201  
Denver, CO 80222  
Attn: Debi Miller

## John Doe Inc.

SUBCONTRACTORS

*Highlight your company's area of expertise on your home page, with text like this:*

John Doe Inc. has been providing quality roofing surfaces for residential and commercial customers for over 45 years. We all love our rugged mountain climate, but don't want to ruin our rooftops!

Our contractors specialize in protecting your roof not just from one hard winter and a few hailstorms, but for a lifetime.

### Rocky Mountain Roofing

John Doe Inc. is located in the front range in Colorado. We serve the entire Denver Metro area, with office locations in Aurora, Thornton and Longmont.

Feel free to examine our portfolio and read how satisfied our customers are with our work. If they ever needed to use us again, they would. However, our work is so good that we aim NOT to have repeat customers, unless they're buying a new house or business!

**John Doe Inc.**
